

Summer Newsletter 2008

News

Merry Christmas & Happy New Year! Hopefully your summer has been as fantastic as ours at Eastcoast Sailing!

Now that you are back at work, time to think about organising a corporate day out on the Harbour! Why not, everybody else is doing it!!!

Summer is definitely the busiest time of our year with Christmas Parties, corporate regattas galore and many big sailing events out on the Harbour. It is never too early to book for next summer! Especially if you are interested in key dates such as New Years Eve 2008, or the PIF Regatta (this year the 14th March) now is the time to secure your booking for next year!

Staff News

Our Marketing & Client Liaison Nicole, has been out and about regularly sailing in Twilights, training from RSYS on the Ynglings with our top women sailors and even mucking about on an 18 foot skiff. She has competed in the Tasar Nationals (2nd), Sydney International Regatta (3rd Ynglings) and Skandia Week in the past few months. ***Nic is now wearing SLAM gear, so can help you out with any sailing clothing needs you might have!***

18 Foot Skiffs come to Eastcoast Sailing!

Eastcoast Sailing is now offering what most adventurous sailors only dream about. You can now experience the iconic 18 foot skiff on Sydney Harbour – either as a spectator, or by being out on one yourself! The package involves ferrying those who want to sail the 18 out to Dawnlink 18 foot skiff one by one from a spectator craft. You can choose whether to play a part in the action, or just enjoy your day out on the water! Cruise and watch on as your friends and colleagues venture to “the edge” of sailing, or get out on the wing of an 18 yourself!

To find out more, email nicole@eastcoastsailing.com.au

Corporate's Takeover the Sailing Scene

Whether sailing... motoring... relaxing... racing... or simply cruising around the Harbour with clients, current or potential, with colleagues, or with guests and being able to call it work!

What could be better?

We have a variety of options for your corporate day out, from pleasure sailing on a large yacht or catamaran, to racing against your workmates in a private regatta, or with them in a larger one – such as the PIF Regatta (14th March 2008). Outlined earlier in the newsletter, we are the first company to introduce 18 foot skiff sailing to the corporate world. We even do Treasure Hunts where clues must be solved to beat rival ships to the site of a valuable treasure! We provide catering and beverage options for all cruises. Whether team building, or pleasure oriented Eastcoast Sailing can help you plan the ultimate day out on beautiful Sydney Harbour. Contact us now for more information! We still have 2 boats available for the PIF regatta.

UNTIDE – Ultimate on water Luxury

Due to increasing demand, we now have *Untide*, a sleek and luxurious motor cruiser to offer for those who are interested in premier charters on Sydney Harbour. Full details can be found in the brochure on our website under *Pricing*. This truly is the deluxe way to spend your day on the Harbour.

This Month's Feedback Quote

From the many surveys received after Charters and Sailing Schools here is one quote reflecting on our Competent Crew course that was held in January 2008.

I thoroughly enjoyed the competent crew course. I learned new skills, worked hard in a team environment and met some new friends. The instructor was great and very happy to share his vast knowledge with us. I will be doing more courses once I get a bit of experience under my belt.

If you would like to further your sailing knowledge and take one of our Sailing School Courses, please don't hesitate to contact us. After the Comp Crew Course Twilight Sailing awaits!

Twilight Sailing

Eastcoast Sailing have been joining in with Twilight Sailing at the CYCA on Wednesday nights and also the Sydney Amateurs (sailing from Kirribilli) on Friday nights. If you have completed a Comp Crew course with us, and would like to come and do some racing (at no cost), email nicole@eastcoastsailing.com.au so that we can get you out on the water!

Enjoy the Eastcoast Sailing Experience!
