This Month's Feedback Quote

From the many surveys received after Charters and Sailing Schools here is one quote reflecting on our Competent Crew course that was held in April 2008.

The team at Eastcoast Sailing took me on the ride of my life, the instruction first rate, and as an introduction to a magnificent sport and life style, second to none.

If you would like to further your sailing knowledge and take one of our Sailing School Courses, please don't hesitate to contact us. After the Comp Crew Course Twilight Sailing and other opportunities including the Winter Series awaits!
