Inshore Skipper – Theory Course only

Whether you are interested in day sailing with family and friends aboard your own yacht, or plan to crew or skipper on longer passages, our Inshore Skipper Theory course provides you with the theory fundamentals essential to complete your full Inshore Skipper course. This course offers students the option of studying their Inshore Skipper Theory whilst still obtaining sea miles, and is an excellent stand alone course for those wanting to expand on the theory obtained during prior learning. Students must first complete their Competent Crew certificate. The course covers:

- ⚙ Nautical Terms
- ⚙ Principles of anchoring
- ⚙ Basic Sailing theory
- ⚙ International collision regulations
- ⚙ Navigation
- ⚙ Ropework
- ⚙ Safety
- ⚙ Towing
- ⚙ Stability
- ⚙ Meteorology

This is a classroom based course of 20 hours to be held at our offices in Kirribilli. The course can be run over 7 nights of 3 hours or 3 full days. On completion you will receive Yachting Australia signoff for the Shorebased component of the Inshore Skipper Certificate.

The Inshore Skipper Theory Course costs \$400 and includes all tuition and materials. Students may then participate in our 4 day practical course for full completion and issue of their Inshore Skipper Certificate. Our practical course is priced at \$700 and covers the remainder of the syllabus required for full Inshore Skipper signoff.
